

DEAR AUTHORIZED,

Hi firstly,

In our **WASA HOTEL**, which is one of our Türктаş Group Hotels serving in the tourism sector, our precautions that we take to prevent our guests from having a problem during their holidays in Pandemic (COVID 19), which we will serve in the 2020 summer season, are as follows.

- 1. Corona Virus Training for All Personnel,**
- 2. Health check before entry procedures (Periodic Fire Measurement etc.),**
- 3. Safe Social Distance Regulation in Common Areas,**
- 4. Periodic Closed Area Disinfection,**
- 5. Periodic Open Area Disinfection,**
- 6. Disinfection With Ozone and ULV Machines,**
- 7. At least 24 hours of vacant rooms,**
- 8. Textile Products Are Washed At 90 Degree Temperature,**
- 9. Warehouse and Food Safety Audit,**
- 10. Food and Beverage to Support the Immune System,**
- 11. The number of Sunbeds in the Coastal Area has been reduced to half...**

We kindly request that these measures be shared with our guests who prefer our facility in the summer season of 2020 before booking.

We hope that the troubles experienced in the shortest time will pass, our life will return to normal in every sense, and that it will not happen again while it is our greatest wish.

Thank you for your help and understanding on the subject.

Best Regards

WASA HOTEL
